

About us:

The Not-for-profit Private School of Business and Social Studies gGmbH is the sponsoring body of a publicly accredited vocational school with training centers in:

Sondershausen

Gera

Suhl

Jena

Erfurt

Currently we train about 1,310 students in the following professions:

- Social Care Staff
- Cosmeticians (Beauticians)
- Social Assistants
- Commercial Assistants
- Podiatrists
- Occupational Therapists
- Speech Therapists
- Child Care Staff (Nursery Nurses)
- Health Care Nurse
- Remedial Teacher

The training is provided by an experienced team of trainers and teachers in modern teaching venues and dedicated specialist teaching rooms.

We work closely with numerous clinics, spas, therapeutic centres, nursing and social service centres, workshops for the disabled, children's and youth organizations, and well as with SMEs. These are competent partners for the implementation of compulsory work-based learning (work placement with employers).

Our qualifications enjoy national recognition and are the starting point for a successful start onto the students' career path, further education or entitlement to a self-reliant therapeutic work.

Vocational mobility:

The Private School of Business and Social Studies supports vocational mobility and it is interested in the EU Lifelong Learning Programme – promotion of vocational mobility in Europe - Leonardo da Vinci.

We are very interested in our students gaining work experience in other countries, allowing them to look at their careers through an international perspective, viewing this as an added value for their education.

We are looking for partners in other countries (for example in the UK), who want to offer their students / trainees work experience in Germany, and we are positive about student exchange projects.

Our Offer for Partners:

For our prospective partners we offer the following:

- contacts and exchanges with our students
- Work experience in Social Service Setting in Thuringia
- Individual mentoring and support during mobility
- Insights into the cultural diversity of Thuringia
- Board and lodging
- Certificate of Attendance for each participant
